STATE OF VERMONT By the Secretary of State A Proclamation

SECTION 1. The sum of three hundred thousand dollars is hereby appropriated for the purpose of erecting within the city of Montpelier and upon lands which the state controls, a building for the use of the state library, the supreme court, the collections and library of the Vermont Historical Society, and for other state uses, and the auditor of accounts is hereby directed to draw his orders to pay said sum in such installments as shall, from time to time, be approved by the commissioners hereinafter designated. Said building shall be erected of stone or brick and shall be substantially fire-proof.

SEC. 2. The governor, the chief justice of the supreme court, James K. Batchelder of Arlington, Charles D. Watson of St. Albans City, and Fred A. Howland of Montpelier, are hereby appointed commissioners, and as such are empowered to select a site, determine upon a plan and erect said building according to such plan. The governor shall, by appointment, fill all vacancies occurring in the board of commissioners created by this act. The commissioners shall have entire direction and supervision of the erection of such building and may appoint some suitable person to superintend the construction thereof. The commissioners shall advertise for bids for furnishing the materials and constructing the building; but no plan shall be adopted and no bid shall be accepted and the erection of no building shall be entered upon which will involve the expenditure of a further sum than that appropriated by this act for the erection, completion and furnishing of such building, unless such further sum is raised or guaranteed by private subscription. Said building shall be completed on or before the first day of September, 1915.

SEC. 3. The state treasurer is hereby authorized to borrow on the credit of the state a sum not exceeding three hundred thousand dollars to provide temporarily for the cost of said building, and to renew said loans from time to time, and, for this purpose, the trustees of the permanent school fund are authorized to loan a part of the principal of such fund to the state at the then average rate at which said fund is invested.

SEC. 4. There is hereby appropriated annually the sum of twenty five thousand dollars, commencing July 1, 1915, for the purpose of paying the principal of the debt hereby authorized, and the state shall also have the right to pay the whole or any part of the obligations representing the entire appropriation by the state at any time after June 30, 1915, and all temporary obligations of the state issued in accordance with the provisions of this act shall become payable at the option of the state on and after July 1, 1915, except such as represent investments of the permanent school fund, which shall be subject to payment by the state at any time.

SEC. 5. If the commissioners in their discretion decide to construct a building separate from the state capitol for the purposes herein stated, they are empowered to reconstruct the interior of the present library building so as to provide as many committee rooms as possible. Said commissioners are further empowered to make such changes in the state capitol grounds and those easterly thereof, as in their judgment may be advisable for carrying the provisions of this act into effect.

SEC. 6. Said commissioners shall be allowed their necessary expenses, but shall receive no compensation for their services.

SEC. 7. This act shall take effect July 1, 1914; provided that if a majority of the ballots to be cast as hereinafter provided shall be yes, otherwise July 1, 1915.

SEC. 8. The selectmen of each town shall, when preparing the warnings for the annual March meeting in 1914, incorporate in such warning an article in substance as follows:

"Shall an act of the General Assembly of 1912, entitled 'An Act to provide for erection of a building for the use of the state library and supreme court, and for other state purposes,' become a law July 1, 1914?" The secretary of state shall, at least ten days prior to such annual meeting, furnish the town clerk of each town with a sufficient number of ballots to be used in voting upon the question of acceptance of the provisions of this act.

Said secretary shall also, when furnishing such ballots, furnish each town clerk with a sufficient number of sample ballots printed on different colored paper which shall be posted in three or more public places in such town, at least six days prior to such annual meeting. The town clerks of the several towns shall forthwith, after such annual March meeting, report to said secretary upon blanks furnished by said secretary, the result of the vote upon the question of the acceptance of the provisions of this act.

SEC. 9. On the first Tuesday of April, 1914, said secretary shall canvass the returns so made to him and shall, within two days thereafter, issue his proclamations certifying the result of such vote, and declaring the time when the provisions of the act shall take effect.

SEC. 10. All regulations provided by law for conducting general elections shall be applicable to the votes provided for on the referendum as hereinbefore provided.

SEC. 11. All acts and parts of acts inconsistent herewith are hereby repealed.

Approved February 21, 1913.
NOW BE IT REMEMBERED that pursuant to the provisions of said act I canvassed the returns made as provided by section 8 of said act and found the result to be as follows:

Yes: Sixteen thousand eight hundred twenty.

No: Nineteen thousand two hundred eighty-four.

Reported as defective: Two hundred ninety-six.

And I do therefore declare that said act will take effect July 1, 1915.
